

2023 Summer Work

- Entering 1st Grade -

Dear Rising Grade One Families,

Happy summer break! Attached you will find the summer math book, a suggested reading list and summer packet.

Most importantly, remember to PLAY- any activity can be play or not play, remember the secret sauce is *playfulness*. By being playful together you can foster the skills that play can grow. Such as developing the ability to see a situation and be curious about it, realize it can be enjoyable, and take agency over it.

The *Summer Solutions Math* book is designed to support students in retaining their academic math skills over the summer months. We also ask that you support your child by reviewing your child's daily work. Please return the book in the fall to your child's Grade One teacher.

Keeping a journal for sketching and writing down ideas, going on a hike or camping and visiting museums are wonderful ways to help your child continue to practice their writing skills as well. We hope that everyone has a wonderful summer, full of enriching, relaxing, and fun activities!

Enjoy!

See you soon,

The Grade One Team and Heather Wagner

Fountas & Pinnell Level B

Picture Books

Carle, Eric – Have You Seen My Cat?

Gomi, Taro – Where's the Fish?

Easy Reading Books

Canizares, Susan – Who Lives in a Tree

Creativity Zone

Summer Activities should always include various types of play and creativity. When we allow our children to be playful we foster skills such as developing the ability to look at things and be curious about it.

It also gives our children opportunities to use higher thinking skills to “figure things out”.

Have fun creating and playing!!
